Subject: U.S. EPA Public Hearing Event in Hot Springs - Security

Ms. Engle,

On October 19, 2019, the U.S. Environmental Protection Agency is having a Public Hearing of approximately 150 people (predicted) in the City of Hot Springs, South Dakota. The public hearing is to provide information about an EPA Underground Injection Control (UIC) Permit for an uranium project. We would like to hire the local police to be present during that event (Venue TBD). I'm trying to find out availability for the Hot Springs Police Dept. to provide police presence during that public hearing. Would you be able to point me to the right person to get a cost estimate and to hire the HS Police?

Your help is appreciated.

Regards,

Omar Sierra-Lopez

Good morning Chief Close,

On October 19, 2019, the U.S. Environmental Protection Agency is having a Public Hearing of approximately 150 people (predicted) in the City of Hot Springs, South Dakota. The public hearing is to provide information about the Dewey Burdock Uranium Project. We would like to hire the local police to be present during that event (Venue TBD). I'm trying to find out availability for the local police so I can schedule that event and to get an estimate of the cost for that event. What information do I need to submit for this request? Thank you.

Regards,

Omar Sierra-Lopez
